University Geomedi Quarterly Newspaper

Dear Students !

On behalf of Geomedi professors, administrative staff and myself

Wish you Happy Holidays and New Year.

Wish you success in your studies, personal life and future profession.

Rector of the University, Professor Marina Pirtskhalava

Diwali is the most important religious holidays in India. It is festival of light and symbolizes the triumph of light over darkness, good over evil. During the festival, the celebrants illuminate their homes, temples and workspaces with oil lamps, candles and lanterns. The festival lasts for five days, with each day having its own rituals and traditions.

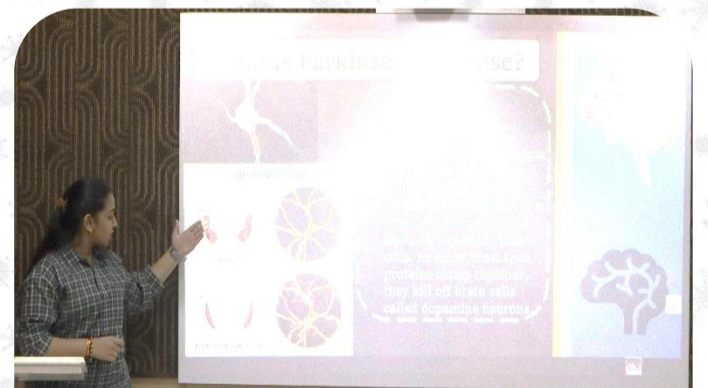

Diwali is celebrated every year at University Geomedi. This year an event was held on November 18, attended by Indian and Georgian students, administration, and academic staff.

The rector of University Geomedi, Professor Marina Pirtskhalava, congratulated Indian students on Diwali. Students performed Indian dances and songs. The event ended with fireworks, which is an important part of the festival.

On December 21, Student Theoretical and Practical online Conference on the topic: "Modern issues in Medicine and Management" was organized by the University Geomedi. After the interesting and diverse presentations, a discussion was held around the topics discussed. At the end of the conference, the jury evaluated the reports and determined the following winners:

I place – Pooja Hiteshbhai Rajput (University Geomedi, Faculty of Medicine, II course, supervisor: Ekaterine Kipiani)

II place – Giorgi Tchkadua (Ivane Javakhishvili Tbilisi State University, Faculty of Medicine, V course)

III place – Guncha Shaikh (University Geomedi, Faculty of Medicine, IV course, supervisor: Zurab Tsetsckhladze)

The Sympathy of the jury – Mariam Tkeshelashvili (Ivane Javakhishvili Tbilisi State University, Faculty of Medicine, V course)

Participants were awarded certificates. Their reports will be published in the University's Student Conference proceedings. The winner students were awarded scholarships.

On December 22, Scientific-Practical Conference for Professors on the topic: "Modern issues in Medicine and Management" was held. The researchers and professors from the University presented their researches and reports. All reports will be published in the University's Conference Proceedings.

An international conference on the topic “Shaping Tomorrow: Innovations and Trends in the Middle East and Caucasus Markets” was held in Tbilisi in partnership with University Geomedi, International Islamic Marketing Association (IIMA) and Jadara University.

The rector of University Geomedi, Professor Marina Pirtskhalava, opened the conference. Also, Dr. Shukri R. Marshdeh, President of Jadara University, addressed the conference participants. The conference was chaired by Professor Tornike Khoshtaria, Vice-Rector of the University Geomedi.

Leading marketing scientists from 20 countries, local and international experts, and representatives of international organizations working in Georgia participated in the conference. During the two-day international conference, representatives of the marketing field will be able to share their experience regarding the influence of marketing on the

market, as well as innovative and trendy approaches.

The International Association of Islamic Marketing in cooperation with the world’s leading universities, annually holds international scientific conferences (Global Islamic Marketing Conference). The first conference was held in 2011.

Another flow of residents in Therapeutic Dentistry completed the residency program at the University Dental Clinic. Graduates were awarded certificates at the graduation event.

The administration of the dental clinic and university congratulates the graduates of Therapeutic Dentistry residency and wishes them professional advancement and success.

„After completing my bachelor's degree at the Faculty of Dentistry I continued my studies in the dental clinic as part of the residency program. I am proud and happy because my expectations are fully justified. As a resident, I have used the theoretical knowledge that I accumulated during this time. While working as a resident in the university clinic, I acquired practical skills from highly qualified doctors.

The residency program made me grow both professionally and personally. I have become a person who wants to help patients find qualified medical care. During my studies, I was in contact with various types of medical cases. I provided medical assistance under the supervision of doctors. The clinic is equipped with the latest modern technologies, and the environment is very friendly, which makes the work process even more pleasant.”

Tamar Kachkachishvili

A student scientific conference on "Trends and Approaches to the Sustainable Development of Georgian Resorts" was organized by the Resorts Development Agency of the Ministry of Economy and Sustainable Development of Georgia.

Residents of Physical Medicine and Rehabilitation of the University Geomedi - Mariam Kiladze, Yana Dolidze, and Giorgi Amaglobeli presented topics that received great interest and approval from the jury members. At the end of the conference, according to the decision of the jury, the students were awarded certificates and special prizes. The theses presented at the conference will be printed in a special manual created by the Resorts Development Agency.

A seminar: "Sports rehabilitation - possibilities and perspectives" held for students of the University Geomedi organized by the Faculty of Physical Medicine and Rehabilitation. Speakers were Thea Adamia, a rehabilitologist at the Davit Tatishvili Rehabilitation Center, and Jarji Buzariashvili, a rehabilitologist at the University Rehabilitation Clinic. Presenter Thea Adamia discussed specific cases of athletes' health conditions, which were discussed by the audience.

In addition, the seminar discussed physical medicine and sports rehabilitation targets, interventions and the effectiveness of rehabilitation management to return the athlete to optimal physical condition in sport.

At the end of the seminar, an interesting discussion took place and the attendees were given certificates.
