University Geomedi Quarterly Newspaper
Special Edition

Dear Students !

**On behalf of Geomedi professors, administrative staff and myself
Wish you Happy Holidays and New Year.
Wish you success in your studies, personal life and future profession.**

Rector of the University, Professor Marina Pirtskhalava

The Faculty of Dentistry congratulates the administration, University clinics, professors, students and residents on the upcoming 2022.

We wish each of you love, happiness, success and advancement in personal and professional life. The 2020 - 2021 academic year was a difficult and busy year for our faculty. The pandemic changed the world, changed the lifestyle of each of us, which dramatically affected University activities and student life. Distance learning and lack of contact with each other proved to be difficult and depressing for students and professors. Nevertheless, we still dealt with the challenges with dignity, overcame them and won. We have maintained and improved the quality of learning, introduced innovations in the curriculum, paid maximum attention to the development of practical skills in students and residents; Despite the pandemic, we have managed to educate competitive and highly competent certified dentists who will be able to further their professional development, be able to establish themselves in an unfamiliar and multidisciplinary environment.

Merry Christmas and Happy New Year! We believe that with mutual love and support, purposefulness and hard work we will accomplish more. We wish you that more prosperous new 2022.

Dean of the Faculty of Dentistry, Associate Professor
Khatuna Tvildiani

Merry Christmas and Happy New Year 2022!

Faculty of Physical Medicine and Rehabilitation would like to congratulate the students, professors, administrators, every member of our community on the upcoming 2022!

2021 turned out to be the hardest year not only for the world but also for our country and our University.

Despite the difficulties, many successful steps were taken at University Geomedi in 2021, both in terms of improving infrastructure and educational programs. Many interesting research projects were implemented, which contributed to the internationalization of the teaching and scientific process of the University.

Dear students, colleagues, I want to wish you Merry Christmas and Happy New Year 2022!

May it be a year of peace, prosperity, health, progress, and strengthening for each of us and Georgia as a whole!

Dean of the Faculty of Physical Medicine and Rehabilitation, Professor
Lela Aptsiauri

May the year 2022 be a Year of deserved creative success for the Teaching University Geomedi, massive personal happiness, substantial recovery of the Georgian economy and universal peace. God bless you and strengthen your future.

Academic of the Georgian Academy of Economic Sciences, Professor
of University Geomedi
Revaz Lordkipanidze

Merry Christmas and Happy New Year to every student, academic and administrative staff at University Geomedi. We wish you a more active year full of new ideas and opportunities. May the year 2022 be full of love, joy, happiness and progress for the whole world.

Head of Geomedi Rehabilitation Clinic
Irakli Sharangia

Every new year comes with countless opportunities. Every tomorrow holds new promises for you. Set your goals high for this new year. Focus on your strength and never give up until you get it. Grab them all and make your moments count. Wishing you a year full of learning and discovering new things. Happy new year!

University Geomedi, Admission office for international students & students representative
Harish kumar

Merry Christmas and Happy New Year to all members of the University Geomedi, both participants in the knowledge transfer and its recipients, administration staff. We wish you an exciting, successful 2022 in your University and personal life.

The Director of Scientific-Research Institute of Experimental and Clinical Medicine, Professor

Zurab Tsetskhladze

Happy new year to all of you!!! I hope this year brings many successes to your doorstep. As we are through pandemic times, first of all, I wish you to be healthy and safe! I have firm hope that the current situation will be changed from 2022. Now, I want to look behind and recall all the good memories that we, as a faculty, had together throughout last year. To begin with, I would like to remember my first day at Geomedi, in January 2021, which I consider to be the most significant step in my career. I found myself amongst an extremely intelligent group of professionals with an advanced academic and scientific background. One year passed in the blink of an eye, and throughout, we had many challenges and achievements.

Observing the inconvenience imposed by pandemics on the education system worldwide, our country is not an exception. Considering the academic facet, we achieved tremendous improvements towards teaching and scientific research, which was achieved by the relentless and hard work of our faculty and administrative personnel.

I am certain that with the arrival of the following year, new challenges will show up. However, our concentration and work as a team will transform those challenges in the opportunities for our faculty and our university.

May God bless you! Your families! And our University Geomedi!

Dean of the Faculty of Health Care Economics and Management, Associate Professor

Tornike Khoshtaria

Dear students and colleagues!

The beginning of a new year can be very challenging. This is a time when we gratefully look back to the past and set new hopes and goals for the future days. We live in a difficult era, the pandemic has once again reassured us how precious we are to each other, how we miss a delightful, unadulterated smile.

I am grateful that despite the many difficulties we are together and I am glad that I have the opportunity to wish you a Happy New Year. I'm so thankful to have you in my life.

Happy New Year friends! I wish you and those around you good health! Have a year of success, fulfillment of dreams, victory!

Happy New Year!

Dean of the Faculty of Medicine, Assistant Professor

Khatuna Makalatia

The dental field is associated with a healthy and happy smile. University Geomedi Dental Clinic has a long history. In parallel with this story, the happy and confident smile of numerous patients is connected to the medical staff of our clinic. Thanks to hard work and selfless enthusiasm, the University Dental Clinic always wins with dignity in the fight against diseases and enjoys a high authority.

University Geomedi contributes greatly to the development and advancement of our clinic. Every year we feel the support of the University administration at every important moment.

On behalf of all the staff of the University Dental Clinic, Happy New Year! We wish the University Geomedi many bright and sunny days, smiling students, professors, administration staff.

May the new year bring even more success and advancement to each of us. Wish you a healthy and happy smile.

with love,

Chief Physician of the Geomedi Dental Clinic

Giorgi Modebadze

Dear friends! Happy New Year! May 2022 be a year of peace, kindness, and love. I am glad that despite the pandemic, the University continues to develop under the leadership of Professor Marina Pirtskhalava. Last year, numerous events were organized by the Student Relations Service, which served to establish close relationships between students of different nationalities, to promote student projects and innovative ideas, to promote sports and cultural work among students, active participation of students in charitable, scientific, cognitive, cultural events, conducting career support events for student employment and development, etc. Merry Christmas and Happy New Year! I wish you and your families happiness, goodness, and success! May it be a year of peace, prosperity, progress, and strengthening for each of us, for our proud university, and for Georgia as a whole!

Head of Student Relations Office

Merab Merabishvili

University Geomedi has put a lot of effort into the development of education in 2021 and promises to do better next year. Dear students, professors and administration, I want to wish you all Happy New Year! Let give and accumulate a lot of love. I wish you a succes personal and professional life with University Geomedi.

Professor of University Geomedi

Guram Amkoladze
