

At the end of the academic year, a graduation farewell party was held at University Geomedi. The event was opened by the Rector of the University Geomedi, Professor Marina Pirtskhalava who welcomed and congratulated graduates on this remarkable day. Professors and deans of faculties also congratulated the graduates. Students were awarded certificates for active student life and excellent studies. Several graduates addressed the audience. Graduates of the Faculty of Medicine took the Hippocratic Oath.

They thanked the academic and administrative staff for their dedication, which helped them to develop as individuals and professionals. The ceremony ended with the throwing of hats and the taking of memorable photos.

 2022 FISU University World Cup Combat Sports

On September 22, 2022, the World Cup in combat sports was organized by the International University Sports Federation (FISU) in Samsun, Turkey. Imeda Gogoladze, a student of the Faculty of Medicine at Geomedi, won a gold medal in sambo.

The first competition was against the host Turkish student, which was psychologically difficult, but Imeda won the match in about 30 seconds. The second meeting was with a Kyrgyz athlete, and the final was with a Ukrainian.

He won both matches with his famous "painful" tricks. Friends from University Geomedi call him a "Kind lion". He is the hope of Georgia and the University of Geomedi.

The graduates of the faculty of medicine of University Exams and obtained the right to practice medicine in India. Panjwani, who took third place in India with the points he

University congratulates its graduates on this achievement life!

Geomedi, have successfully passed the FMGE/MCI Particularly noteworthy is the success of Mohit received.

and wishes them further success in their professional

Choosing and entering a university is an important step, on which a person's future depends. Studying in Geomedi was the best decision I have ever made. University has made a lot to my personal development and professional advancement. Lecturers are focused on student development. With interesting and informative lectures and conferences, they helped us to develop critical thinking. I have always felt the friendly attitude and support of the lecturers in any situation. With their help and tireless work, everything became easy.

I want to thank the university administration and lecturers. I wish success to all students.

**Anna Kharebava**  
Graduate of Faculty of Dentistry

**Rajesh Kumar Hemathkar Mohan Kumar**  
Graduate of Faculty of Medicine

I am a graduate of University Geomedi, Faculty of medicine. I'm very happy that I have reached this stage of life. The university helped us a lot in our personal development and learning process. I want to thank the lecturers and administration staff because we have always felt a friendly attitude and support from them. Also, I want to thank the librarian staff for helping us in every possible way during our studies. Good luck to each student and the university Geomedi.

The years spent at the University are a special stage for every student. The environment you meet there, the new world you discover, and the opportunities that unfold before you. I spent one of the best periods of my life in Geomedi. The University was the source of education from which my career began. It is a place where desire and abilities match each other.

I would like to express my sincere gratitude to the administration, staff and lecturers who were actively involved in the process of professional and personal development of students. The learning process was adjusted to our abilities and interests.

I wish success to every representative and student of the University! I believe that we will always live up to each other's hopes.

**Tatia Berdznishvili** – graduate of faculty of Health Economics and Management
